

Associations Resources Committee Annual Report 2024

The original vision of the ARC is now viewable on the new Home page. So far Canada, Denmark, Japan and The USA have contributed to the page.

Now that the ARC is visible I am hoping to see more growth from all associations,

- journals, newsletters,
- continuing education courses and flyers
- yearly meetings
- new laws or upgrading of scope

This resource is open to all HoD and meant to help associations or gather information for growth of our profession worldwide.

Carmen Lanoway, Chair
