Please describe your reasons for nominating this person on a separate sheet. Include, for example, their education, work experience, organisational experience, and other expertise and qualifications:

I have known Carmen since 2022 when i met her at my first IFDH meeting in Dublin. She was warm and welcoming and took the time to explain things to me and chek in with me that i was ok. I think she would make an excellent Secretary because she already plays an active role in the IFDH by Chairing the Resources Committe. She has represented Germany since 2016 and is a liason between the organisation she represents and the German Periodontology Association. She is working hard to get the profession of dental hygiene offically recognised and the education standardised. When Carmen lived in Canada, she was President of the Maitoba DH association in 1992 - this was after she had served as Secretary, VP and President Elect, she has been involved with professional organisations throughout her 36 years as a DH! I am standing as Treasurer and think she would be a joy to work alongside.
