INTERNATIONAL FEDERATION
OF DENTAL HYGIENISTS

The Spanish Federation of Dental Hygienists, **HIDES**, as a member of the **IFDH**, opts for the second time to be the organizer of the **ISDH 2030**

WHEN:

We chose the third week of June for several reasons, the first because the months of July and August are vacation months and hotel prices are much more expensive and also because of the heat.

The reception of the delegates could be on Monday, June 17 and the **ISDH 2030** would begin on Thursday the 20th until Saturday the 22nd 2030

The chosen place is very special....
